01 The count of households in the complete-count tabulations by definition equals the number of occupied housing units. For this documentation the term "household" is used unless the matrix is stratified by a housing item such as tenure, plumbing facilities, etc., in which case, the term "occupied housing unit" is used.

02 Vacant seasonal/migratory units are excluded from all other tabulation matrices.

03 For data tabulated on a 100-percent basis, includes all persons in the category "Other." For data tabulated from the sample, excludes those persons who have a write-in entry of an Asian and Pacific Islander group in the "Other" category.

05 Relatives include household, spouse, and the questionnaire categories: "Son/daughter," "Brother/sister," "Father/mother," and "Other relative." Tabulations of "Other relatives" include all categories not shown separately in the matrix.

06 "Nonrelatives" include the questionnaire categories: "Roomer, boarder," "Partner, roommate, paid employee," and "Other nonrelative." Tabulations of "Nonrelatives" include all categories not shown separately in the matrix.

07 Tabulations of "Persons in household" based on 100-percent data by definition are the same as tabulations of "Persons in unit." The phrase "Persons in household" is used unless the matrix is stratified by a housing item such as tenure, plumbing facilities, etc., in which case, the phrase "Persons in unit" is used. Tabulations of "Persons in household" and "Persons in unit" based on sample data are not necessarily the same because of differences in the procedures used to inflate sample population and housing data.

08 A "Child of householder" includes any son, daughter, stepchild, or adopted child of the householder. An "Own child of householder" is a never-married child under 18 years of age who is a son, daughter, stepchild, or adopted child of the householder. "Related children" include not only own children but also all other family members, regardless of marital status, who are under 18 years old, except the householder, or spouse. Foster children are included in the "Nonrelative" category.

09 Vacant housing units include the questionnaire categories: "For rent," "For sale only," "Rented or sold, not occupied," "Held for occasional use," and "Other vacant." Tabulations of "other vacant" include all categories not shown separately in the matrix.

10 This aggregate, along with the relevant count, will permit the computation of a mean. For example, the aggregate value for specified owner-occupied noncondominium units will yield the mean value when divided by the count of specified owner-occupied noncondominium units, and the aggregate rooms for occupied and vacant year-round units divided by the count of occupied and vacant year-round units yields mean rooms. (See footnote 14 prior to computing mean value or price asked).

11 Value and price asked are tabulated separately for noncondominium and condominium units. The noncondominium value distribution is restricted to certain kinds of "owner-occupied" units; the noncondominium price asked distribution is restricted to certain kinds of "vacant-for-sale only" units. The following are excluded from the tabulations on value and price asked for noncondominium units:

a. Units at an address with two or more units
b. Units on 10 or more acres
c. Units with a commercial establishment or medical office on the property

12 Contract rent is tabulated for all "renter-occupied" units except one-family houses on a property of 10 or more acres. Rent asked is tabulated for all "vacant-for-rent" units except one-family houses on a property of 10 or more acres. Units tabulated in the "No Cash Rent" category are all occupied housing units reported as "No Cash Rent" except one-family houses on 10 or more acres.

13 Lacking complete plumbing facilities for exclusive use includes: Complete plumbing facilities but not used by another household; some but not all plumbing facilities, or no plumbing facilities.
14 Multiply the aggregate value and price asked by $250 to obtain the true value or price asked. The tabulation was scaled by a factor of $250 for tally purposes.

15 Allocations of marital status for persons under 15 years old are not allocated in "Persons with one or more items allocated."

16 "Year-round housing units with one or more housing items allocated" includes allocations of "Units at address," "Access," "Plumbing facilities," "Rooms," "Tenure," "Condominium Status," "Acreage of property," "Commercial establishment or medical office," "Value" or "Price asked," "Contract rent" or "Rent asked," "Vacancy indicator," "Vacancy status," "Boarded up status," and "Duration of vacancy."
